## Library worker interface window

"Home" button you can use for log out from your account into Main window.

This table shows all requests from users for return books to the library.

This table shows all books that you have in the library.

You can search for a book using this button like in Main window.

The screenshot shows the 'Library worker' interface. At the top left is a 'Home' button (house icon). Below it is a tabbed interface with 'Action' selected. Under 'Action', there's a section 'Requests for return a book' containing a table with 4 rows of return requests. Below this table are 'Confirm request' and 'Cancel request' buttons. To the right is the 'Book Management' section with a search bar and a table of 10 books. At the bottom of the 'Book Management' section are buttons for 'Delete Book', 'Modify Book', 'Add Book', and 'Reserve book'. A status bar at the bottom left says 'Select an object in advance'.
