Supplier interface window

"Home" button you can use for log out from your account into Main window.

This table shows all books you want to supply to the library.

This table shows all books that the library has.

You can search for a book using this button like in Main window.

The screenshot shows the 'Supplier' window with a top bar containing a user profile 'Mike' and a home icon. The main area is divided into two panels. The left panel, titled 'Supplied_books', contains a table with columns 'Book_ID', 'Title', 'Author', and 'ISBN'. It lists two books: 'supply_book1' and 'supply_book_2'. The right panel, titled 'Search for books', contains a search bar with a dropdown menu set to 'All books' and a search button. Below the search bar is a table with columns 'Title', 'Author', 'Publisher', 'Year', and 'Quan'. It lists 11 books. At the bottom of the window are four buttons: 'Supply book', 'Modify supply', 'Remove supply', and a refresh button. Arrows point from text annotations to these elements.

	Book_ID	Title	Author	ISBN
1	1	supply_book1	author_1	123456789987
2	2	supply_book_2	author_2	987654321658
